THE BROW COLLECTION

BROW WARE : \$16

A clear eyebrow water in mascara form to groom and give a gloss to brows.

Our exclusive clear eyebrow liquid not only gives a soft hold to thinner eyebrows, but a soft sheen that makes brows just glow.

Our Brow Ware is like water, to avoid that crunchy, flaking off residue of most brow gels. Just apply, let dry. No feel, no flaking, no residue. Great for both men and women.

COLORS

Clear

HOW TO USE:

Brush on brows after applying brow colors for a glossy finish. Can also use alone and as a clear mascara.

MULTI-TASK:

- * Use to groom fine eyebrow hairs.
- * Use as a clear mascara on lashes.

ELKE'S BROW TIPS:

Apply Brow Ware when you're completely done with your brow makeup to hold and set. Want to get creative? Apply Brow Ware first, then apply your brow shadow over to create a soft glossy sheen to your brow shadow color. You'll find that the Brow Ware will also set your brow color and will last all day.
